

John Owen

Profile

3 October 2018

-I look after the Wilderness Estate and run the Forest School & Ecology Programme on Thursdays.

-Probably my greatest academic achievement was completing my level 2 Horticulture apprenticeship with university level science (to the despair of my tutor..) Whilst the greatest achievement of my life has been raising my cocker spaniel Evie (whose fan club is international)

-I love Cooking, Dogs and pretty much anything to do with the Natural World! I dislike careless and selfish behaviour.

-I used to play bass in a punk rock band (mohican and all) and was very much set on making it big..

-I am currently working towards my Mountain Leader Qualification, which involves climbing at least 40 mountains, and will be starting my Forest School Level 3 in December.
